ELECTIVE or **science requirement (3)**	**ELECTIVE** or **science requirement (3)**	**ELECTIVE** or **science requirement (3)**
ELECTIVE or **science requirement (3)**	**ELECTIVE** or **science requirement (3)**	**ELECTIVE** or **science requirement (3)**

THE UNIVERSITY OF CHICAGO
Harris Public Policy

Master of Science in Environmental Science and Policy (MSESP) Degree Requirements

- ☐ Completion of eighteen graduate-level courses (1800 units of credit), not including any courses with grades of F, I, W, or courses with no reported grade
- ☐ Completion of the following required courses with a C- or better:
  - ☐ PPHA 30800 Analytical Politics I: Strategic Foundations
  - ☐ Statistics Sequence I. Choose one of the following:
    - PPHA 31002 Statistics for Data Analysis I
    - PPHA 31202 Advanced Statistics for Data Analysis I
    - Any course in the PhD econometrics sequence (STAT 24400, PPHA 42000, or PPHA 42100)
  - ☐ Statistics Sequence II. Choose one of the following:
    - PPHA 31102 Statistics for Data Analysis II: Regressions
    - PPHA 31302 Advanced Statistics for Data Analysis II
    - Any course in the PhD econometrics sequence (STAT 24400, PPHA 42000, or PPHA 42100)
  - ☐ Microeconomics Sequence I. Choose one of the following:
    - PPHA 32300 Principles of Microeconomics and Public Policy I
    - PPHA 32310 Advanced Microeconomics for Public Policy I
    - PPHA 44100 Principles of Microeconomics and Public Policy I (PhD sequence)
  - ☐ Microeconomics Sequence II. Choose one of the following:
    - PPHA 32400 Principles of Microeconomics and Public Policy II
    - PPHA 32410 Advanced Microeconomics for Public Policy II
    - PPHA 44200 Principles of Microeconomics and Public Policy II (PhD sequence)
  - ☐ GEOS 24750 Earth and Human System Science: Food, Energy, and Water Cycle
  - ☐ PPHA 36930 Environmental Economics: Theory and Applications OR PPHA 38900 Environmental Science and Policy
  - ☐ PPHA 41210 Physics, Technology, and Public Policy
- ☐ Completion of a minimum of 10 Public Policy (PPHA) courses
- ☐ Completion of three science courses (physical or biological sciences or other relevant coursework)
- ☐ A cumulative grade point average of 2.7 for all courses used toward the degree, based on a 4.0 scale
- ☐ Completion of the math requirement
  - ☐ Pass algebra exam
  - ☐ Pass calculus exam
- ☐ No more than 2 reading/research, independent study, or internship courses
- ☐ No more than 2 courses taken pass/fail (core courses cannot be taken pass/fail)
